

TRC-1 APRIL 2014

TELECOM REGULATORY COURSE (TRC)

20 – 24 APRIL 2014

Dhaka, Bangladesh

ROSETTA ASSOCIATES LIMITED

About TRC

- TRC by Rosetta Associates Limited is the first of its kind training course in Bangladesh.
- As a result of the rapid rate of technological development, business innovation and changes in social attitudes continue to push communications in unpredictable, innovative directions. Well-trained, conversed and independent individuals in Ministries, Regulatory Agencies, Companies and Universities play a critical and vital role in shaping the future of the communication landscape, thereby creating more opportunities for open collaboration, innovation and economic growth.
- Bangladesh telecom sector has boomed with great pace, that has excelled the national economy. Skilled human resources have developed in this sector which is mostly in technology and sales-marketing arena. But we felt that there is still a big gap in regulatory knowledge area.
- This course is designed to bridge this gap. It is an ideal training resource for professionals involved in the regulation of the telecom sector, particularly those working for operators, regulators and other telecom organizations.

The Telecom Regulatory Course (TRC) provides delegates with an in-depth knowledge of the principles of regulation and regulatory models. TRC will cover the following main areas:

- Overview of Telecom Regulation
- World and Regional Bodies in Telecommunications
- History of Telecom in Bangladesh
- Telecom Policies and Acts
- Interconnection
- Licensing
- Spectrum Management
- Infrastructure Sharing
- Price Regulation
- Numbering
- Universal Access and Service
- QoS & Customer Rights
- Lawful Interception (LI)
- SMP, MNP, Competition Policy, etc.
- Regulatory Challenges in the Future World.

Who Should Attend

Professionals working within telecommunication companies, regulatory bodies and any department related to telecommunication will find this course educative and interesting:

- Mid-level executive with specific responsibility for the regulation of the telecommunication sector.
- Mid-level executive working within regulatory authorities or governmental departments assigned to the regulation of telecom.
- Business or regulatory affairs managers within incumbent or new-entrant telecommunications network operators or service providers.
- Lawyers working in governmental or commercial telecom fields.
- Representatives from funding agencies supporting development of the telecommunications sector.

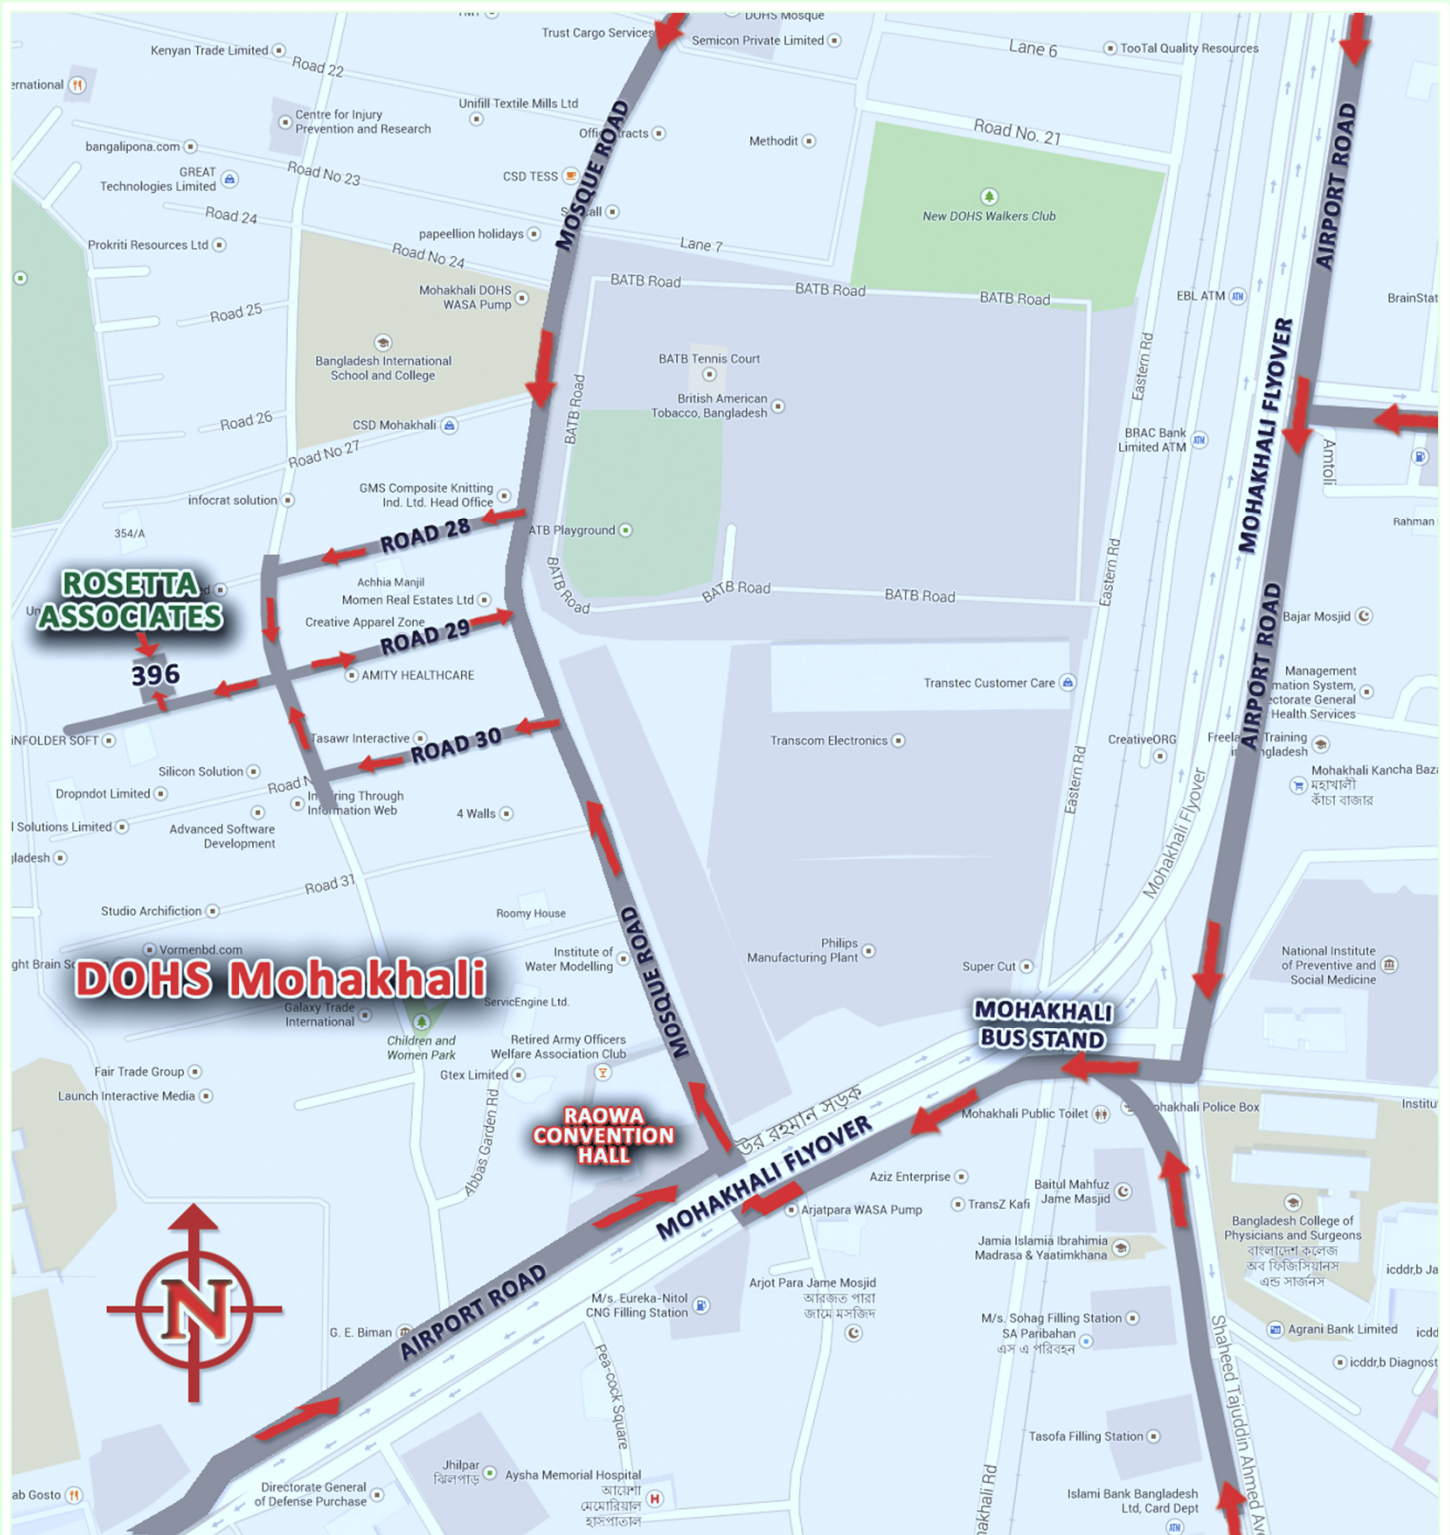

TRC Schedule

- Course duration is 5 days (21 – 25 April, 2014).
- Class will start at 1000 hours.
- Each class duration is of 1 hour (lecture 40 minutes, Q&A 15 minutes and Break 5 minutes)
